

Empowering Productivity

Open Practice 8 - Next generation in practice management software for law firms

Open Practice 8 Dashboard

Open Practice 8 is the next generation in legal practice management software from GlobalX Legal Solutions. This comprehensive, integrated practice management system has been developed in collaboration with legal practitioners to advance the productivity and effectiveness for the legal profession.

Released in July 2014, Open Practice 8 has been built to be central to the desktop, and to the law firm; to combine end-to-end, industry-specialised functionality, integrated real-time information and services required to optimise business operations to achieve best practice. Open Practice manages your matters, documents, time, billing, fees, client relationship management, search, conveyancing and all your financials – from your desktop.
